

ID	Field	Indicator metadata
0	Fund relevance	ERDF JTF
1	Indicator code	RCR18
2	Indicator name	SMEs using incubator services after incubator creation
2b	Indicator code and short name (open data name)	RCR18 Firms: SMEs using incubator services
3	Measurement unit	Enterprises/year
4	Type of indicator	result
5	Baseline	0
6	Milestone 2024	not required
7	Target 2029	>0
8	Policy objective	Use in all policy objectives, whenever relevant and under JTF
9	Specific objective	Use in all specific objectives, whenever relevant and JTF
10	Definition and concepts	<p>Annual number of SMEs using the incubation capacity created with the support. The indicator covers also micro enterprises. For new business incubators, the indicator baseline is 0. For additional incubation capacity, the indicator baseline gives the annual number of enterprises using the incubator services before the intervention.</p> <p>The incubator will report on client entrepreneurs with which it establishes structured relationships documented in the monitoring system. One-off services (such as a telephone calls) with potential entrepreneurs are excluded.</p> <p>In case of pre-incubation services, potential entrepreneurs are considered self-employed persons and therefore proxied as micro enterprises.</p> <p>For more on business incubators see EC 2010 and ECA 2014 in references. For enterprise definition and classification - see RCO01</p>
11	Data collection	Supported projects
12	Time measurement achieved	One year after the completion of incubator capacity in the supported project
13	Aggregation issues	
14	Reporting	<p>Rule 1: Reporting by specific objective</p> <p>Forecast for selected projects and achieved values, both cumulative to date (CPR Annex VII, Table 3).</p>
15	References	<p>EC 2010 - The smart guide to innovation-based incubators</p> <p>ECA 2014 - How the ERDF successfully supported the development of business incubators, Special Report 4/ 14</p>
16	Corresponding corporate indicator	
17	Notes	This indicator is to be used only for interventions aiming at creating new incubation/ additional capacity (measured by RCO15).
