10	Definition and concepts	<p>Number of enterprises that can be served on a yearly basis by a new business incubator created. For an existing incubator supported to extend its capacity, the indicator measures the additional number of enterprises that can be served on a yearly basis due to the extension of incubation capacity.</p> <p>The indicator covers incubator services which can be provided based on structured relationships documented in the monitoring system. Services expected to be provided on an ad-hoc basis (such as a telephone calls) with potential entrepreneurs are excluded.</p> <p>In case of pre-incubation services, potential entrepreneurs can be considered self-employed persons and therefore proxied as micro enterprises.</p> <p>For more on business incubators see COM 2010 and ECA 2014 in references.</p> <p>For enterprise definition - see RCO01</p>
