10	Definition and concepts	<p>Number of EU trademark and Community design applications submitted and validated (“filing”), and which are due to the project supported. The ultimate granting of the application is not a requirement. The project supported should have clearly identifiable contribution to the trademark or design for which the applications are made.</p> <p>Trademark refers to words, symbols or other marks which are used by firms to distinguish their products or services from those offered by others. A European Union trademark application has to be filed and validated at the European Union Intellectual Property Office (EUIPO).</p> <p>Design refers to the "appearance of the whole or part of a product resulting from the features of, in particular, the lines, contours, colours, shape, texture and/or material of the product itself and/or its ornamentation." The indicator covers applications for registered Community designs (CD). The application for a registered CD has to be filed and validated at the European Union Intellectual Property Office (EUIPO). (see COM 2002 in references)</p>
